

AnyDesk

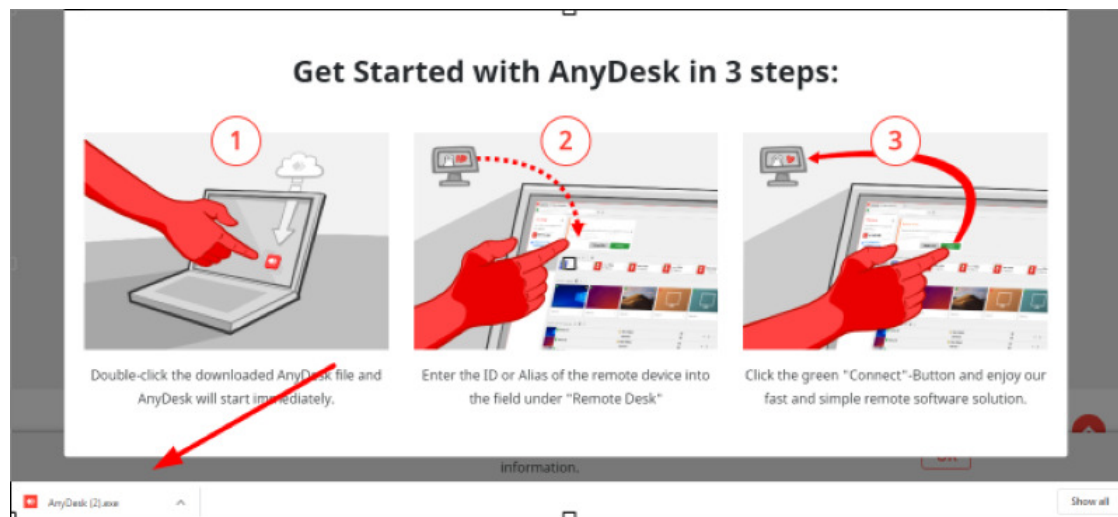

Install AnyDesk

The AnyDesk application allows for remote control, desktop sharing and file transfer between computers.

- 1.) Open your favourite web browser and go to: <https://anydesk.com/en>
- 2.) Select "Free Download"

- 3.) Save the installation file, and open the installation file

- 4.) Kindly provide us with your AnyDesk ID and allow our incoming connection, these details can be forwarded to support@apdcentral.co.za
